

Get Wisdom! Orderliness Discussion Questions (More questions are available in the back of the book and songs and other resources are available online):

1. Think about our verse for this week 1 Corinthians 14:33. It says God is a God of peace. Can you think of ways that God is a God of peace and how Jesus brought peace through his life, death, and resurrection?
2. This chapter says to do things at the right time. Can you think of how God always does things at the right time? Read the following verses and discuss them with your parents and try to think of other ways God does things at the right time as well: Romans 5:6 and Galatians 4:4-5
3. Our verse compares disorder with peace. Why do you think this is? Is disorder the opposite of peace? How so?
4. Orderliness has to do with being responsible. How is God working in your life in the area of orderliness? How can you ask God and your parents to help you grow in orderliness?
