

Get Wisdom! Obedience Discussion Questions (More questions are available in the back of the book and songs and other resources are available online):

1. When you are asked to do something, do you do it right away? How long does it normally take you to obey?
2. What prevents you from obeying immediately? Discuss this with your parents.
3. The lesson says to have a willing attitude in your obedience. What would a willing attitude look like and what does it not look like?
4. Think about how Jesus always obeyed his father. How did he obey and how does it relate to this week's lesson? Can you think of some examples of Jesus obeying his father?
5. Jesus' obedience was for us, and he can give us the strength to obey. Do you ask Him to help you obey? If not discuss about beginning this practice.
