

Get Wisdom! **Patience** Discussion Questions (More questions are available in the back of the book and songs and other resources are available online):

1. The definition of patience says to accept problems without complaining. Why do we complain about problems? What are some things you complain about?
2. The definition says that we are to trust that God will care for you. What makes you not trust God's care for you? What normally is your view of God toward you?
3. Think of God's patience toward you. How has He been patient with you? How should this encourage your own patience?
4. Can you think of any examples from the Bible where people were impatient and not trusting God's care for them? How can their impatience teach us to be patient (See Gen. 3; Gen. 25; Ex. 32).
