

Get Wisdom! Discussion Questions (More questions are available in the back of the book and songs and other resources are available online):

- 1. Read through Proverbs 4:7-19 and discuss this with your children in relation to wisdom being skill in living
- Discuss with your kids about how we are not good enough to work up wisdom on our own, but if we trust in Jesus, he strengthens us to do this. Read through Romans 3:12 and Ezekiel 36:26-27
- 3. Discuss why we want to be wise. This goes back to the lesson on gratitude. His love for us encourages us to love him. See 1 John 4:19
- 4. Discuss when it is hard for you to follow wisdom and to do the right thing with your child. Discuss how 1 John 1:9 and Philippians 4:19 show us that God will always love us forgive us and strengthen us to pursue wisdom.
