

Get Wisdom! **Humility** Discussion Questions (More questions are available in the back of the book and songs and other resources are available online):

1. The definition says that everything good in me comes from God. Think about good things you have and good traits you have and think about how these are gifts of God.
2. Humility shows us we should put others first. This is hard! How are ways you can put others before yourself?
3. Our life is for God's glory, for serving God and others. How are some ways you can use what God has given you for this purpose?
4. Jesus is the most humble person who has ever lived. Think about how he humbled himself by becoming a baby, living on this earth, and dying on the cross. Discuss how his humility can be for you, with your parents, and ask Him to help you be more humble.
