

Get Wisdom! **Kindness** Discussion Questions (More questions are available in the back of the book and songs and other resources are available online):

1. Kindness is being thoughtful. It is easy to think of yourself first, but kindness is thinking of others needs as well as your own. What are ways you can do this?
2. Kindness is doing good to others quickly. What are ways you can think of others and do them good?
3. Many times, we do not do good to others because we do not notice the needs of others. How can you look for the needs of others? What may these needs be?
4. Think of how God has been kind to you especially in forgiving your sin. Read Romans 5:8 with your parents and discuss God's kindness to you.
